

## Cookie Policy

HUGO BOSS uses Cookies to be able to recognize your preferences when you visit our website and, thus, make the HUGO BOSS website user-friendly and more efficient.

Cookies are little text files that your browser stores on your hard disk. Whenever you revisit our website, HUGO BOSS can use the information in this saved cookie to enhance your browsing experience. Cookies may contain personal data if you have given your consent when you started to use the HUGO BOSS website or if this is necessary for technical reasons. Cookies cannot execute programs or transfer viruses to your computer.

You can set your browser to refuse or delete cookies. Please consult the corresponding instructions of the manufacturer for more detailed information on the actual procedure. If you opt to not allow the use of cookies, the functionality available to you may be impaired.

HUGO BOSS uses cookies to the following extent:

- Cookies that are absolutely necessary (Type 1)

These are cookies that are absolutely necessary for the proper operation of the website and its functions. For example, it is unfortunately not possible to log into your HUGO BOSS customer account without the corresponding cookie.

- Functional cookies (Type 2)

These are cookies that ensure maximum personal convenience when you visit the HUGO BOSS website. For example, cookies may contain language settings or changes in font size.

- Performance cookies (Type 3)

These cookies give HUGO BOSS information on your surfing habits. They tell HUGO BOSS which pages are visited especially often so that HUGO BOSS can enhance the website to make the information you desire available faster. These cookies contain no personal data.

- Third-party cookies (Type 4)

These are cookies from third parties such as, for example, social networks that integrate social media content into the HUGO BOSS website. In addition, HUGO BOSS uses the cookies of third-party providers to serve advertising that is especially likely to interest you or to measure the efficiency of advertising campaigns. Cookie information is passed on to third-party providers.

# HUGO BOSS

Name	Description	Type	Cookie Setter	Maximum Duration.
JSESSIONID	ColdFusion application server session identification when J2EE session management is enabled. A new hexadecimal JSESSIONID is always created at the start of each browser session. Although JSESSIONID replaces CFID/CFTOKEN as the actual "session ID", ColdFusion MX creates the CFID and CFTOKEN values for tracking client information. This enables secure manipulation of client-scoped variables. The combination of CFID, CFTOKEN, and JSESSIONID comprise the Session.	1	First Party	When the browser session ends
rmk0	The user's encrypted e-mail address, if known.	1	First Party	When the browser session ends
rmk1	The encrypted ID of the user if one exists.	1	First Party	When the browser session ends
rmk4	Whether or not to pre-fill the Subscribe box with the user's e-mail address, in order to avoid the user having to re-enter their e-mail address.	2	First Party	When the browser session ends
rmk12	A number that indicates if the user has acknowledged the cookies policy banner. If the cookie is not set, then the banner may be presented. If they cookie is set and its value is 1, the banner may be suppressed. This cookie will persist across user sessions, no matter which type of cookies are enabled sitewide.	1	First Party	It does not expire.
AddThis	It is in use for the "share this job" widget. This allows the candidate to share the job with a friend via some social networks. For more details visit: <a href="http://www.addthis.com/privacy/privacy-policy">http://www.addthis.com/privacy/privacy-policy</a>	4	Third Party	When the browser session ends

# H U G O B O S S

HUGO BOSS aggregates, as far as possible, the data that it collects for the purposes of evaluation. Herefore HUGO BOSS uses the SuccessFactors tools "Recruiting Marketing Dashboard" and "Recruiting Marketing Analytics".

You can object to further collection and evaluation of your data by HUGO BOSS at any time. Simply set an opt-out cookie in your browser. Please consult the corresponding instructions of the manufacturer for information on the specific procedure. Please remember that, if you use more than a single browser, you must opt out on each individual browser separately. If you delete the cookies stored on your device, you will also delete the opt-out cookie. In that case, please set the corresponding cookie once again.
